### COMPANIES CHARGING LESS

**\$135**

Average of 5 companies

\$199 or below

**Why the price gap?** The companies charging \$200+ are usually larger operations with more overhead. The companies under \$199 often skip interior tracks and sills, or use speed-cleaning methods. We clean everything and charge a fair price.

## 5 Things To Check First

---

### 1. Ask what is included.

Some companies clean the glass and nothing else. No tracks. No sills. No screens. Ask up front so you know what you are paying for.

### 2. Check their Google reviews.

Not just the star rating. Read the recent ones. Look for people who mention being on time, careful with furniture, and easy to reach.

### 3. Ask about insurance.

If someone falls off a ladder at your house and they do not have insurance, that is your problem. Every legit company carries liability and workers comp.

### 4. Get a written quote.

"Around \$200" is not a quote. You want a number in writing before any work starts. No surprises.

### 5. Ask if they do inside and outside.

Many companies only do exterior. If you want both, make sure they offer it. Interior cleaning takes more care and more time.

#### Quick tip

If a price seems too low, ask what is NOT included. The cheapest quote usually means the least thorough job.
